

GOLDEN

2008 LIGHTING CATALOG

ELEGANT LIGHTING FOR EVERYDAY LIVING

GOLDEN

CHANGE STRENGTHENS TRADITION.

This motto is certainly evidenced by the many wonderful changes at Golden Lighting over the past year. Some of the new and exciting changes include the expansion of our product offerings to include outdoor collections, the redesign of our annual catalog and addition of new features to our Web site. We also added a new shipping facility in California which improves our service levels and allows our west coast customers to experience reduced delivery times.

But there are some things that will simply never change at Golden Lighting and these are the hallmarks of our company.

SUPERIOR CUSTOMER SERVICE: Your business is important to us and we are committed to your satisfaction with our products and our team.

PRODUCT AVAILABILITY: Our 95 percent in-stock rate ensures your order will be available and shipped within 48 hours of receipt.

LEADING THE INDUSTRY WITH DESIGN AND VALUE: By listening and understanding the needs of our customers we are able to improve product design.

Using your recommendations, we continually update our products and finishes to stay in step with the changes in residential housing designs. This year, in addition to our new energy efficient outdoor collections we are pleased to debut eight new collections.

As always, we sincerely appreciate your business and look forward to fulfilling your lighting needs for many years to come.

ALANTE

GOLDEN PECAN FINISH | ANTIQUE MARBLED GLASS

The understated elegance of the Alante Collection comes from its detailed scrollwork and woven texture with optional crystal accents. This collection can be displayed in three unique ways: with clear crystal drops, with antique crystal drops, or in its original grandeur. These crystal drop sets are available separately.

COLLECTIONS
