

KICHLER
LIGHTING

Welcome

All the comforts of home for more than 70 years.

Since 1938, Kichler has offered so much more than just distinctively beautiful lighting. We've also backed each style with award-winning craftsmanship, unparalleled quality and superior service.

Kichler Lighting offers a distinctive array of lighting solutions that reflect your individual personality, tastes and plans. We believe that lighting should exceed functionality and transform your spaces into stunning, inspiring settings. Lighting that energizes, as well as enhances your life.

Lighting that defines your **style**™

Kichler brings you an unparalleled variety of exciting style families, unique finishes, fresh colors and unequaled quality. Simply select a style and then choose among the many fixtures – from Chandeliers and Chandelettes® to Wall Sconces and Ceiling Mounts along with matching Ceiling Fans – all provided within the very same distinctive family collection.

That's Kichler Lighting.

KICHLER LIGHTING®

Decorating with

Light

Carefully plan your lighting for maximum flexibility and impact.

Lighting is a powerful, yet versatile, design tool that can influence emotions, as well as bring form and texture to any room. Whether you want to make a bold statement or just highlight something special, well-coordinated lighting can be your strongest design element. One that can truly transform a room and make a lasting impression.

So Many Types of Lighting

1

Ambient Lighting

Warm ambient lighting illuminates an entire room to create an inviting atmosphere. This moderate level of illumination is achieved by layering various light sources, such as chandeliers, track or recessed lighting, wall, table and floor lamps, for a full, balanced output.

2

Task Lighting

Task lighting provides extra illumination for eye-straining or detailed activities such as reading, cooking or working on a computer. Task lighting should be cool in tone to safeguard the eyes, and carefully placed to limit or avoid shadows and glare.

3

Accent Lighting

Accent, or mood, lighting adds depth and interest by highlighting distinct objects and architectural features, like statues, paintings, plants, alcoves, moldings and beams. Used sparingly, it adds a highly dramatic effect.

4

Decorative Lighting

Decorative lighting combines form with function. From dining room and oversized entryway chandeliers to lamps with ornate shades and other embellishments, these highly aesthetic fixtures transform practical lighting into works of art.

Layer Your Lighting

Use Multiple Lighting Sources

Multiple layers of light add flexibility by changing a room's mood, as well as its function. General overhead lighting, task lighting (such as a lamp) and maybe even wall sconces together bring comfort, dimension and versatility to any space.

Why Kichler? Designs

crafted to inspire

With all our popular finishes, fashion-forward collections and handcrafted details, Kichler has become well known for setting lighting design trends. In fact, it's the ingenuity of our diverse collections that we hope will inspire you to express your unique style, taste and personality. Whether it's casual, contemporary, transitional or traditional, you'll find it with Kichler, where we take pride in transforming light into beautiful, functional works of art.

The Perfect Combination of Glass and Finish

Our experienced Kichler designers take great care in selecting an impeccable combination of glass and finish for every Kichler® Lighting collection. Whether it be Crackle Glass coupled with an Aged Bronze Finish or Iridescent Glass balanced with a Satin Nickel Finish, each pairing has been carefully chosen for its powerful synergy and ability to beautifully complement the collection's overall style.

Fully Coordinated Collections

Selecting your lighting style is just the beginning of the decorating possibilities. That's because many Kichler Lighting collections offer fully coordinating lighting options that help you pull a space together, layering with light in perfect harmony. From wall sconces and ceiling mounts to chandeliers and more, each fixture offers expressive characteristics that flow beautifully into the next. It's a distinctively different approach to decorating and lighting your home.

KICHLER.COM

"My style is **far from ordinary**. That's why I chose **Kichler**® **Decorative Lighting** – to make my living room extraordinary."

Lighting that defines your **style**™

Kichler® Decorative Lighting

Help your true style shine through.

See your dealer for information on our full line of **Decorative Lighting**.

When you need help expressing your individual style, look no further than Kichler Decorative Lighting. Our stunning collections are available in a variety of styles you'll be proud to call your own.

Like traditional collections with intricate detailing, aged finishes and tapered fabric shades. Modern collections with clean lines, geometric forms and metallic finishes. And even some that are in between – classic looks with a slightly contemporary edge.

Select the Kichler Decorative Lighting that beautifully reflects your personality, tastes and lifestyle. And you'll find the style that's all you.

Click here to view our complete line of lighting fixtures at **kichler.com.**

KICHLER LIGHTING

"We have a **dramatic sense of style**. And, thanks to **Kichler®** **Landscape Lighting**, our house and yard reflect that – from the outside in."

Lighting that defines your **style**™

Kichler® Landscape Lighting

Add style from the ground up.

See your dealer for information on our full line of **Landscape Lighting**.

Set your home apart before anyone even walks through your door with Kichler Landscape Lighting.

Our professional grade outdoor lighting solutions illuminate your home's total exterior environment. Kichler Landscape Lighting generously brightens all outdoor living spaces – from trees, flowers and shrubs to decks, outdoor rooms, ponds and pathways – for a warm, inviting look.

Our entire line features the latest in energy saving Design Pro LED technology, rugged outdoor materials and long lasting durable finishes – all backed by premium warranties.

Click here to view the interactive catalog or view our complete line of landscape lighting at **landscapelighting.com.**

KICHLER LIGHTING

"My style is **far from ordinary**. That's why I chose Kichler® Lamps and Accessories – to make my living room extraordinary."

Lighting that defines your **style**™

Kichler® Lamps and Accessories

Style your home in a whole new light.

See your dealer for information on our full line of **Lamps and Accessories**.

Traditional brass or earth-friendly bamboo. Simple and sleek or intricately ornate. European infused or outdoor influenced. Whatever your preference, Kichler Lamps and Accessories can bring an entirely new look to any room.

Reflect your personality through our wide selection of table and floor lamps that contribute stylish, yet functional lighting. Beveled mirrors and unique wall panels artfully accent your decor. And coordinating vases and trays add the finishing touch.

It's all available in Kichler Lamps and Accessories. Colors, textures, shapes and trends for every taste, lifestyle, inspiration and budget.

Click here to view the interactive catalog or view our complete line of lamps and accessories at **kichler.com.**

KICHLER LIGHTING

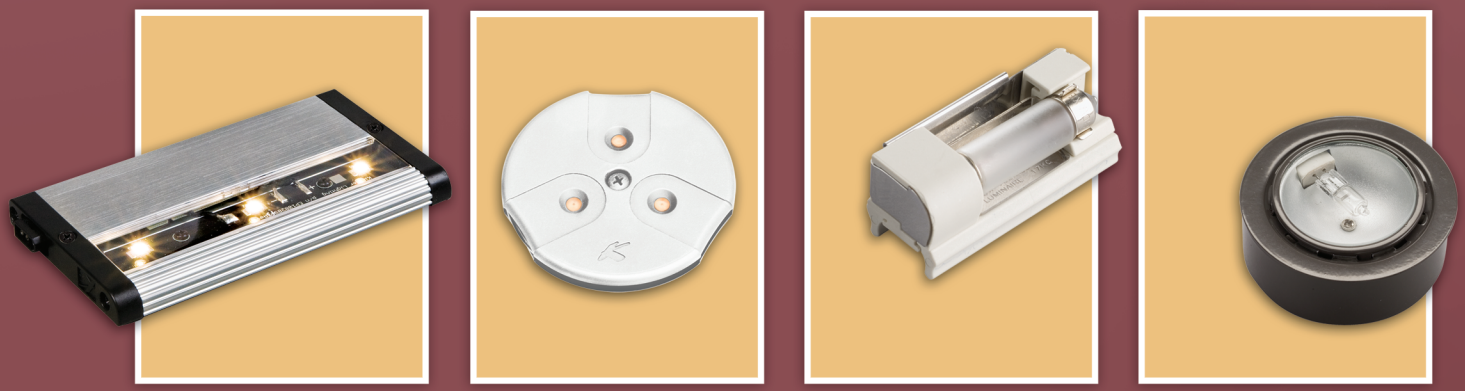

"Kichler® Design Pro LED lighting is as **sleek and high-tech** as my new kitchen."

Lighting that defines your **style**™

Kichler® Cabinet Lighting Systems

Low-profile lighting for high-profile style.

See your dealer for information on our full line of **Cabinet Lighting Systems**.

Whether highlighting glass cabinets or brightening up countertops, Kichler Cabinet Lighting Systems provide innovative solutions that combine style with practical applications.

Like our low-profile Design Pro LED line that delivers superior color rendering, energy efficiency and cool operating temperatures. Or our flexible TaskWork fixtures that emit warm, natural light through long-life xenon technology.

Whatever lighting solution you choose, be assured that peace of mind comes standard. All Kichler Cabinet Lighting Systems feature simple, intuitive installation as well as premium and lifetime warranties.

Click here to view the interactive catalog or view our complete line of cabinet lighting at **kichler.com.**

KICHLER LIGHTING

"With so many
Kichler® Ceiling Fan
styles to choose
from, finding the
right one for me
was a breeze."

Lighting that defines your **style**™

Kichler® Ceiling Fans

We're a huge fan of personal style.

See your dealer for information on our full line of **Ceiling Fans**.

From the kitchen to living room, sunroom to covered porch, Kichler Ceiling Fans provide much more than energy savings and air circulation. These overhead fixtures can set the tone for an entire room's sense of style.

Just glimpse at our ceiling fan collections. Most Décor™ models include a CoolTouch™ Control System and coordinating lighting. Select™ models blend traditional with modern day style, and, finally, outdoor models are as tough as they are beautiful.

With multiple sizes, decorator-inspired finishes and versatile wood tones, there's a Kichler Ceiling Fan to complement virtually any décor. And, with our complete line of accessories, you're sure to find everything to meet your needs too.

Energy Efficient Lighting

Lighting accounts for some 20% of a home's energy costs. Kichler® Outdoor Lighting includes designs that may help decrease your energy bill, as well as your carbon footprint. Look for these symbols throughout our catalog for assistance in making an energy-efficient selection:

ENERGY STAR®

A joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy committed to energy-efficient products and practices. ENERGY STAR® products have extended warranties, and are supplied with both bulbs and photocells.

Title 24

A California government-backed program that helps businesses and individuals protect the environment through superior energy efficiency. Title 24 lighting fixtures reduce energy bills and significantly help to protect our environment.

Design Pro LED

Advanced technology, ENERGY STAR®, certified long life and a pure, even flow of light are just a few of the professional advancements you'll find with Kichler Design Pro LED.

Dark Sky

Identifies Kichler fixtures that reduce light pollution by directing light downward and outward, not upward. Dark Sky fixtures also allow lower-wattage bulbs to be as effective as higher-wattage ones in an effort to conserve energy.

Designing with Light

In the Bathroom

In the bathroom, you need plenty of even, shadow-free lighting for shaving, grooming, and applying makeup. In small bathrooms, mirror lights will illuminate the entire room, but in larger bathrooms, an additional ceiling fixture is needed for general lighting.

B

BATH & VANITY

The Kichler® Bath and Vanity Collection offers an exciting new dimension to bathroom lighting.

From sleek contemporary to inviting traditional and everything in between, this exhilarating collection creates a distinctive feel with an air of practicality.

Click here to see all Bath Lighting available from Kichler.

KICHLER LIGHTING®

Make Any Room Look Bigger

Add a Sconce, Expand Your Space

Sconces are lighting fixtures that are mounted to a wall to provide subtle illumination and a warm ambiance. Sconces bring human scale to a room and finish the space.

With everything from eclectic to casual chíc, variations run rampant in our Casual Transitions Collection. This unexpected combination of elements works well with today's diverse lifestyles, complementing both relaxed and formal decors.

C

CASUAL TRANSITIONS™

Our Casual Transitions styles unite traditional and contemporary, equating to a classic, timeless design; while our more daring eclectic styles merge elements from different cultures, time periods and style categories.

Click here to see all Transitional Lighting available from Kichler.

KICHLER LIGHTING®

Designing with Light

In the Living Room or Family Room

When designing a lighting plan for a living room or family room, consider the variety of activities that occur there. Include general lighting for entertaining and watching television, task lighting for reading or personal gaming, and accent lighting to emphasize artwork, plants and interesting architectural features.

N

NEW TRADITIONS™

Our New Traditions Collections, ranging from formal Olde World to casual American Heritage, are characterized by balanced profiles, attractive glass and occasionally fabric shades, as well as refined painted, bronze and brushed pewter finishes. While continuing the trend of rich bronze tones, Kichler® also explores fresher, cleaner designs with lighter accents – all while maintaining classic charm.

Click here to see all Traditional Lighting available from Kichler.

KICHLER LIGHTING®

Designing with Light

In the Bedroom

General lighting can be provided by ceiling fixtures, chandeliers, fan lights, or wall sconces, giving you the illumination you need to read a book before you go to sleep or coordinate your outfit for the day.

TODAY'S LIVING™

Today's Living style is personified by simple yet sophisticated finishes and forms. What it lacks in ornamentation, it makes up for in bold geometry.

These innovative styles also maintain a rare balance of attributes, making them a popular choice among today's most discerning homeowners.

Click here to see all Contemporary Lighting available from Kichler.

KICHLER LIGHTING®

Designing with Light

In the Dining Room

A buffet or sideboard can be flanked with wall sconces or mini pendants on either side. Choose fixtures that complement the style of your chandelier. Displayed objects can be accented with recessed downlights installed in the ceiling above.

A ART GLASS CREATIONS

Unique colored glass, intricate geometric and organic patterns, and deep onyx-colored beading are the classic characteristics of timeless Tiffany-style lamps. Kichler® delivers a creatively fresh approach to Tiffany's finest art glass grand style and tradition. Combining the beauty of Olde World craftsmanship with a vibrant, contemporary look, the classic styling comes alive. A wide selection of Art Glass lamps, gorgeous chandeliers and colorful wall sconces boast translucent stone, mosaic tiles and art glass inserts. Handsome brushed nickel and rich, deep bronze finishes, as well as strong base lines seamlessly unify to give your home an eclectic touch with a modern expression.

Click here to see all Art Glass Creations available from Kichler.

KICHLER LIGHTING®

Designing with Light

In the Dining Room

Let the light shine down on decorative pieces or serving dishes when you hang our Directional, Ceiling & Pendant Lights above your buffet. And don't forget to direct light at your hutch or cabinet to highlight your best china and glassware. Connect it all to dimmer switches and you'll add ambiance as well as function.

DIRECTIONAL RAIL LIGHTS, PENDANT & CEILING LIGHTS

Nothing puts light right where you need it like beautiful Kichler® Directional Rail, Pendant & Ceiling Lights. Use our Directional Rail Lights – with heads that can be angled, swiveled and even repositioned – to show off your favorite collection, artwork or architectural details. Or hang our striking pendants above your kitchen island, seating area or bar for that warm downlight effect. Available in a range of styles, finishes, shapes and materials (from hand-forged metals to hand-blown glass), this versatile collection is strong enough to be used alone or as part of your room's total lighting scheme.

Click here to see all Pendants available from Kichler.
Click here to see all Ceiling Lighting available from Kichler.

KICHLER LIGHTING®

Lighting Tip

Planning

Outdoor lighting should illuminate your house without shining into your neighbors' yard. Plan the angles and placement of your exterior lights with consideration for others – and the environment.

O OUTDOOR

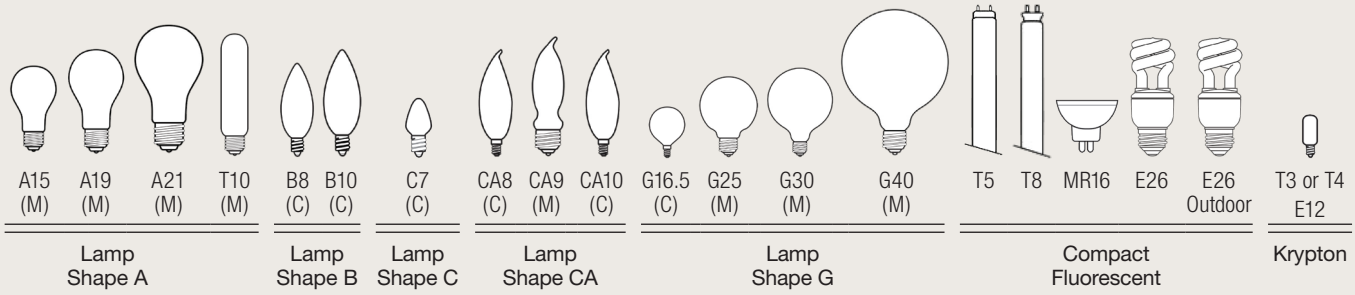

Extend a warm welcome with the Outdoor Collection by Kichler. Our durable exterior lanterns deliver an attractive finishing touch that emphasizes the beauty of your home and adds security for you and your guests.

Click here to see all Outdoor Lighting available from Kichler.

KICHLER LIGHTING

Light Bulb Reference

Incandescent and Compact Fluorescent Light Bulbs

Compact Fluorescent Bulbs (CFL)

Look for this symbol throughout our catalog. This symbol indicates the products best suited for Indoor use with self-ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.

OD This symbol indicates the product best suited for Outdoor use with self-ballasted, compact fluorescent lamps sold through electrical distributors and lighting showrooms across the U.S.

If a light fixture is connected to a dimmer or 3-way switch, you'll need to use a qualified CFL designed to work in these applications. Make sure to look for CFLs that specify use with dimmers or 3-way switches.

Equivalent Light Output

To determine which qualified CFL light bulbs will provide the same amount of light as your current incandescent light bulbs, consult the following chart:

Incandescent Light Bulbs Watts (W)	**Incandescent Minimum Light Output** Lumens	**Common CFL Light Bulbs** Watts (W)
40	450	9-13
60	800	13-15
75	1,100	18-25
100	1,600	23-30
150	2,600	30-52
