

Mini to Mondo Pendants

12V Mini Mini Pendants

harmonize

Besa 12V mini-pendant luminaires harmonize functional light with contemporary flair by pairing low voltage light sources such as halogen and xenon with a broad assortment of handcrafted glasses.

Canopy options, in single or multi-light versions, or flexible monorail kits, make it possible to achieve a sophisticated look whether the focus of your space is residential or commercial.

Sensibly contemporary...

1XC-5605AM-SN
(see page 10)

Besa

Besa 12V mini-pendants are available in two basic types; *Fixed-Connect* and *Quick-Connect*. This refers to the method of how the pendant connects to the 12V transformer that is supplied with the companion ceiling canopies, track adapters and monorail kits. We have chosen to offer both of these connection types as each has unique advantages depending upon the intended application.

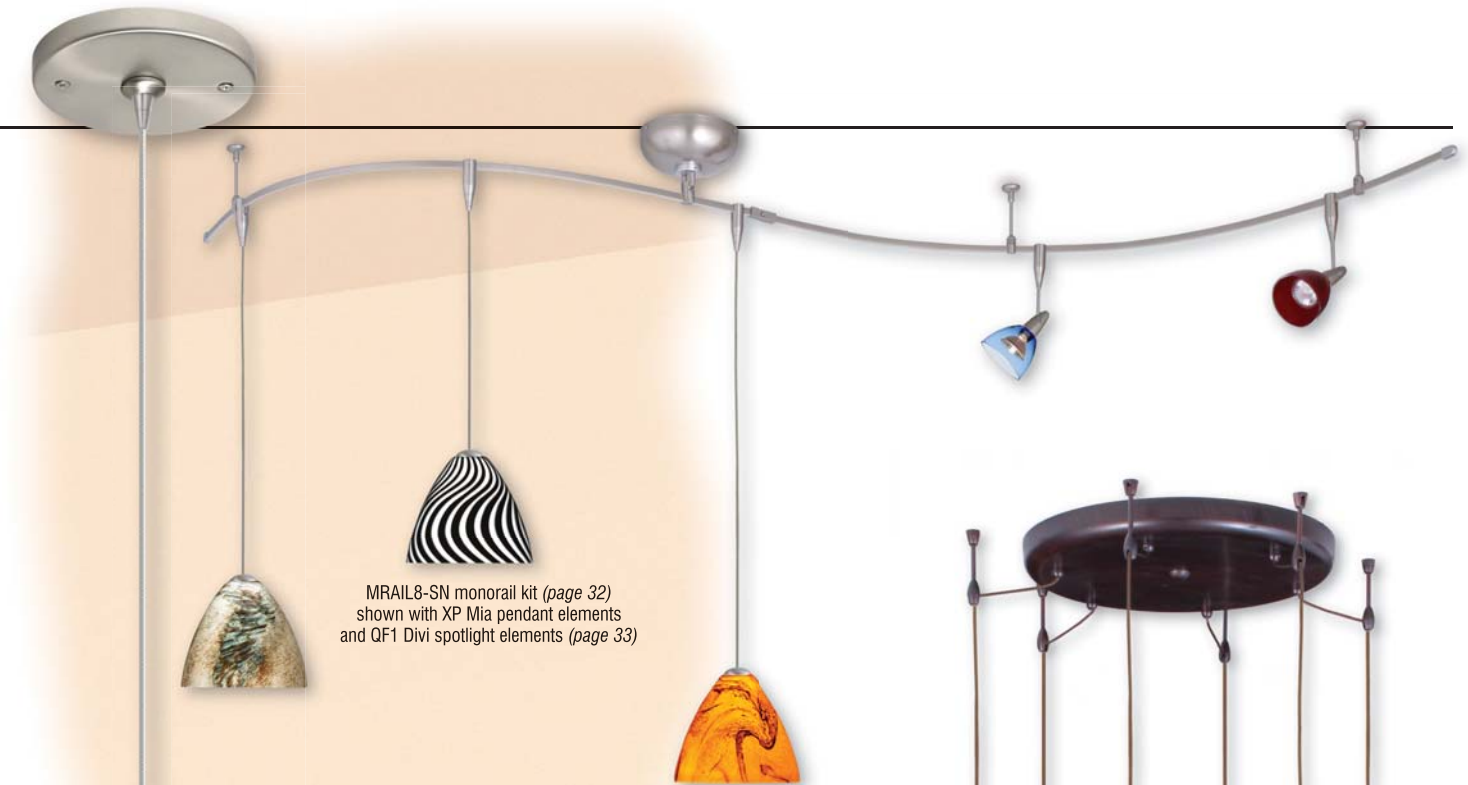

Fixed-Connect:

This connection method is used in most of our single and all of our multi-light ceiling canopy styles. The canopies are provided with integral 60W, Class 2 electronic transformer(s), one each per pendant. The connection between the pendant and transformer is permanently made during the fixture installation. This method permits easily made final adjustments to pendant drop length during or even after wiring installation without having to cut and re-splice the connections... important when using our Skyhook™ suspension hooks.

Quick-Connect:

This connection method is required with Besa monorail kits and track adapters (*a single light flat canopy is also available*). This method employs a Quick-Connect jack (*provided with each pendant or pendant element*) and an adapter (*supplied with the single light flat canopy, track adapter or monorail kit*).

12V Mini Pendants

MRAIL8-SN monorail kit (page 32)
shown with XP Mia pendant elements
and QF1 Divi spotlight elements (page 33)

1XP-1779MA-SN
(see page 12-13)

Combine the beauty of our handcrafted glass pendants with the flexibility of our Quick-Connect system for use with Besa Monorail Kits, Track Adapters and single light quick-connect canopy.

Or, select from the various Fixed-Connect canopy styles, ranging from single light to multi-light versions, and create a palette of almost infinite variety of design possibilities.

(see page 18-19)

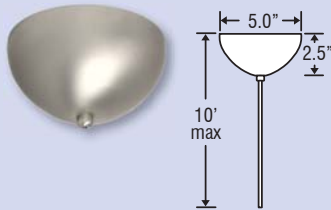

3XV-5605CM-SN

CANOPY STYLES:

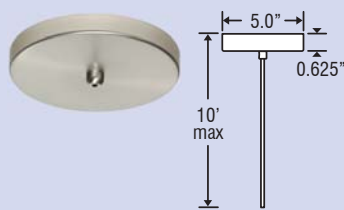

1 LIGHT DOME: 1XC or 1PC

- Fixed-Connect
- 1x electronic transformer included

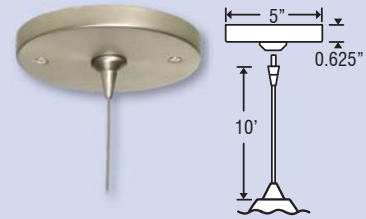

1 LIGHT FLAT: 1XT or 1PT

- Fixed-Connect
- 1x electronic transformer included

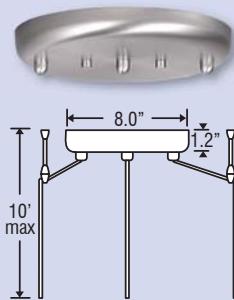

1 LIGHT FLAT: 1XP or 1QP

- Quick-Connect
- 1x electronic transformer included
- Transformer fits partially in junction box
- Quick-Connect adapter integral

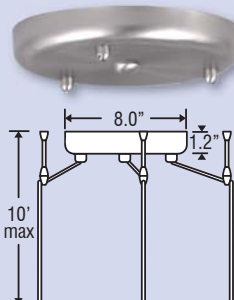

3 LIGHT LINEAR: 3XB or 3PB

- Fixed-Connect
- 3x electronic transformers included
- 2x Skyhook suspension hooks included

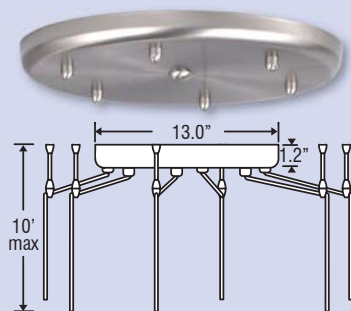

3 LIGHT ROUND: 3XC or 3PC

- Fixed-Connect
- 3x electronic transformers included
- 3x Skyhook suspension hooks included

6 LIGHT ROUND: 6XC or 6PC

- Fixed-Connect
- 6x electronic transformers included
- 6x Skyhook suspension hooks included

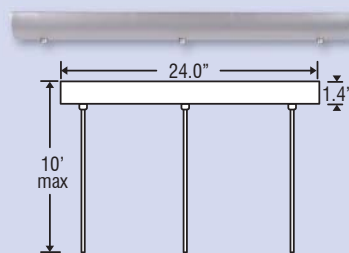

Standard Features:

(Common to all Canopy Styles)

- Install to standard 4" junction box (not provided)
- 60 watt electronic transformer(s) included*
- Class 2 type, dimmable*
- Suitable for use on sloped ceilings
- Bronze or Satin Nickel finish

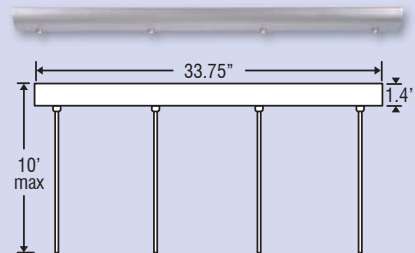

3 LIGHT BAR: 3XV or 3PV

- Fixed-Connect
- 3x electronic transformers included
- Some offset installation possible

4 LIGHT BAR: 4XV or 4PV

- Fixed-Connect
- 4x electronic transformers included
- Some offset installation possible

* See Reference Guide on pages 252-259 for more detailed information on accessories, transformers, dimming and other technical specifications.

OTHER QUICK-CONNECT POSSIBILITIES:

PENDANT ELEMENT: XP or QP

- Quick-Connect (no canopy)
- Pendant Glass, Cord/Socket Set
- Quick-Connect Jack provided
- Compatible with Besa Monorail
- Compatible with Besa Track Adapters
- Compatible with T21Q 1 Lt Flat Canopy

Elements connect to:

MONORAIL KITS:

MRAIL8-SN 8' Kit
MRAIL12-SN 12' Kit
Flexible rail systems.

Pg 32

MONOPOINT CANOPY:

T21Q Series Quick-Connect Canopy may be separately ordered for use with Besa Quick-Connect elements.

Pg 33

TRACK ADAPTER:

QT Series
Slim profile adapter connects elements to existing track systems.

Pg 33

Glass Pendant Families:

Choose from 24 different glass "families", each with multiple color/decor choices.

Options:

SKYHOOK™ SUSPENSION HOOKS:

These suspension hooks are provided with several of the Fixed-Connect canopy styles but may also be ordered separately. Use a *Skyhook* to allow the pendant drops to be placed as desired. Easily overcome the problem of an inconveniently placed junction box. *Skyhooks* are suitable for use on sloped ceilings.

T100SN Satin Nickel

T100BR Bronze

LONGER CORD LENGTHS:

The standard length of cord provided with Besa pendants is 10'. Longer cord length of 15' can be ordered. To order, add an "L" to the end of the item ordering number, i.e. 1XC-174352-SNL. See page 255 for information on "voltage drop".

METAL & CORD FINISHES:

BR Bronze

SN Satin Nickel

Pendant Fitter Designs

Our pendants now feature an updated look with re-designed metal fitters. The various fitters more effectively enhance and complement the different glass forms. The designation for these new fitters is X Series.

The Pre-2007 style Universal metal fitters (P Series) are still available.

Glass families that previously had unique fitters and did not require upgrading are still referred to as P Series.

Monorail Kits

DRY

handcrafted

Combine the beauty of our handcrafted glass pendant shades with the flexible design options of a monorail kit.

Create lighting accents over islands or bars. Add spotlight elements for mixed downlight/wall wash use along walls or display cases. Add more to the lighting design with our monopoint canopy. For existing traditional track systems, add our pendant or spotlight elements with our track adapter.

Choose from a wide variety of Pendant Elements featured on **pages 8-31**

Standard Features:

- Complements a myriad of element options
- Hand-bendable rail sections allow a variety of configurations, yet retain a certain amount of "memory"
- 250W electronic transformer suitable for up to (5) 50W low voltage elements
- Available in Satin Nickel finish
- UL Listed for Dry Locations

METAL FINISH:

SN Satin Nickel

Kits:

Each kit contains all necessary hardware for easy installation. Spotlight and/or Pendant Elements must be ordered separately.

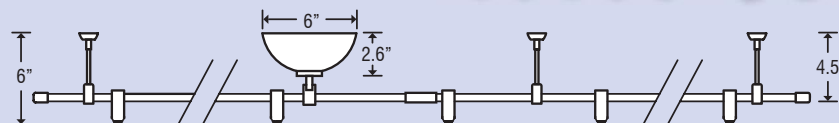

8' MONORAIL KIT MRAIL8-SN:

Includes (1) 250W electronic transformer, (2) 48" rail sections, (3) 4" standoffs, 5 Quick-Connect adapters, 1 rail connector and 2 end caps.

12' MONORAIL KIT MRAIL12-SN:

Includes (1) 250W electronic transformer, (3) 48" rail sections, (5) 4" standoffs, 5 Quick-Connect adapters, 2 rail connectors and 2 end caps.

Monorail Kit Options:

4' EXTENSION KIT

MRAIL-4EXT-SN: Extend your design. Kit includes (1) 48" rail section, (2) 4" standoffs, and 1 rail connector.

UNPOWERED CONNECTOR

MRAIL-CONN-SN: Connector joins any two monorail kits, without allowing power to pass through.

A Series

solid

Our A Series pendants feature a solid brass weight to counter-balance the glass and socket assembly, making them easily adjustable. Four fixture styles are available.

1AX-282484-BS
(see page 36)

Standard Features:

- Choice of 5 families of handcrafted glasses
- Adjustable "pull up & down" system
- Single or multi-light canopy styles
- Low voltage (12V) 60W Class 2 electronic transformers
- Halogen 50W Bi-Pin Lamps *(Included)*
- 8' Silver-color braided cords
- Choose Bronze, Brushed Steel or Satin Gold metal finish

Note: 1AC, 3AB and 3AC are NOT suitable for use on sloped ceilings.

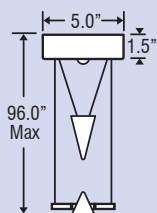

3AB-177983-BS

CANOPY STYLES:

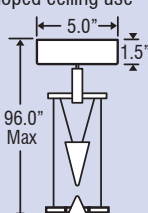

1 LIGHT: 1AC

- 1x electronic transformer included
- Not suitable for sloped ceiling use

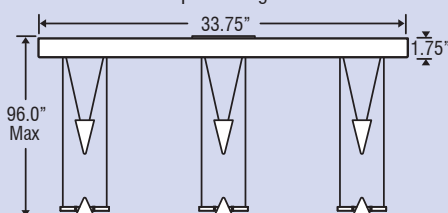

1 LIGHT SWIVEL: 1AX

- Swivel/pivot feature
- 1x electronic transformer included
- Suitable for sloped ceiling use

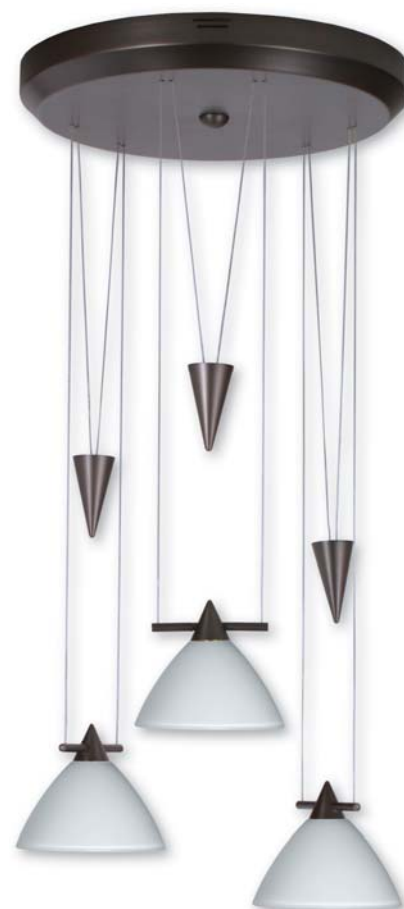

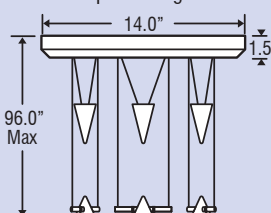

3 LIGHT BAR: 3AB

- 3x electronic transformers included
- Not suitable for sloped ceiling use

3 LIGHT ROUND: 3AC

- 3x electronic transformers included
- Not suitable for sloped ceiling use

3AC-174307-BR

Options:

LONGER CORD LENGTHS:

Longer cord lengths of 15' or 20' can be ordered. Add a "15" or "20" to the end of the item ordering number, i.e. 1AC-174352-BS15. See page 253 for more information.

Please note that longer cord lengths will result in voltage drop and lower wattage output at the lamp. See page 255 for more information

Glass Pendant Families:

Choose from five different glass families, shown on pages 36-37.

Easy to adjust. Just move the counterbalance up or down.

Swivel/pivot feature allows the 1AX to be installed on ceilings sloped up to 45°.

J Series

All the beauty, just a bit larger. Our 120V midi-pendants are available with a wide variety of glass shades and fixture options.

The J Series uses standard A19 *incandescent* lamps, but also offers an energy-efficient option of compact fluorescent lamping.

1JC-169707-BR
(see page 55)

Standard Features:

- 19 families of handcrafted glasses
- Single or multi-light canopy styles
- Medium-base lampholders (120V)
- 60W, 75W or 100W max. A19 lamps
(Not included)
- Suitable for sloped ceilings
- Interior use only (Damp Location Listed)
- Choose Bronze or Satin Nickel metal finish with matching tinted cord

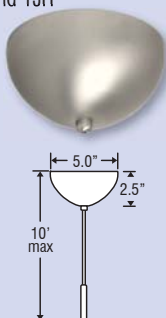

3JC-4125TB-SN
(see page 56)

CANOPY STYLES:

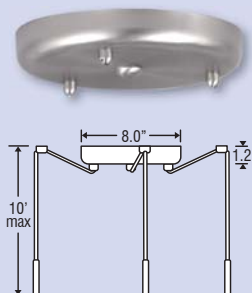

1 LIGHT DOME: 1JC

- Also 1JF and 1JH

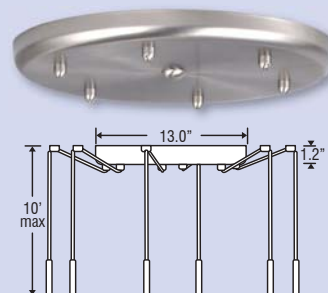

3 LIGHT ROUND: 3JC

- 3x stemhooks included

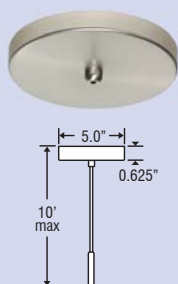

6 LIGHT ROUND: 6JC

- 6x stemhooks included

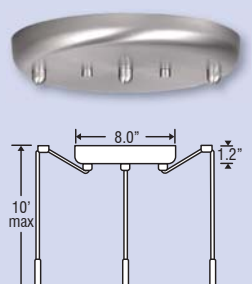

1 LIGHT FLAT: 1JT

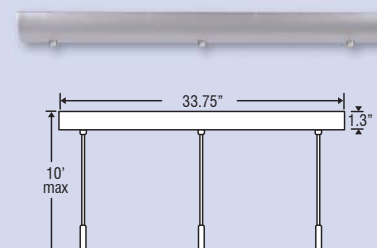

3 LIGHT LINEAR: 3JB

- 2x stemhooks included

3 LIGHT BAR: 3JV

- Some offset installation possible

Compact Fluorescent:

Some J Series midi-pendants offer energy-efficient compact fluorescent (CFL) versions of the one light dome canopy style. Lamp wattage options vary, depending on specific glass style. A non-dimming electronic ballast is employed.

1JF = 120V 18W option

1JH = 120V 26W option

Lamps not included.

NOTE: CFL option is NOT compatible with standard incandescent dimmers.

For more information on compact fluorescent lamps and ballasts, see pages 256-259.

Consult factory for other lamping/wattage options

Options:

LONGER CORD LENGTHS:

Longer cord length of 15' can be ordered. Add an "L" to the end of the item ordering number, i.e. 1JC-169707-SNL.

CORD SLEEVES:

If concealing the cord is desired, order our 0.25" diameter metal sleeves. Each sleeve is 18" long and may be field cut.

T118-SN Satin Nickel

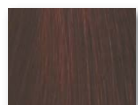

T118-BR Bronze

STEMHOOKS:

These suspension hooks allow the cord drops to be placed wherever desired. Simply mount the stemhooks to the ceiling, run the SVT cords from the canopies, and secure. Suitable for sloped ceilings.

METAL & CORD FINISHES:

BR Bronze

SN Satin Nickel

Glass Pendant Families:

Choose from a variety of glass styles, beginning with an overview on page 54.

Glass Pendant Families:

Choose from a variety of glass 120V Midi Pendant styles, organized as 18 families.

E Series

original

Our original style cord-hung pendant hardware.

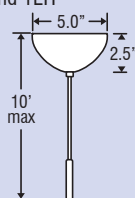

Three of the glass families featured on our J Series fixtures are also available in E Series configurations.

The difference is in how the glass is attached to the cord.

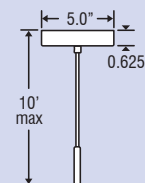

CANOPY STYLES:

1 LIGHT DOME: 1EC

- Also 1EF and 1EH

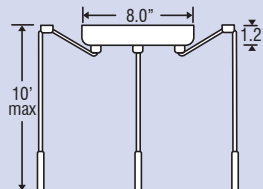

1 LIGHT FLAT: 1ET

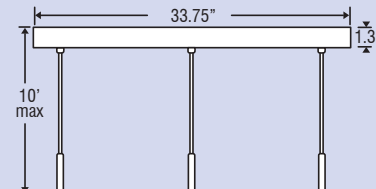

3 LIGHT LINEAR: 3EB

- 2x stemhooks included

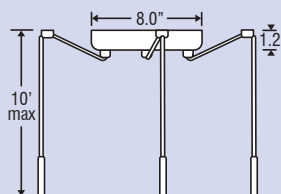

3 LIGHT BAR: 3EV

- Some offset installation possible

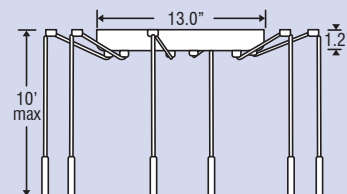

3 LIGHT ROUND: 3EC

- 3x stemhooks included

6 LIGHT ROUND: 6EC

- 6x stemhooks included

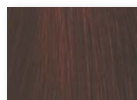

1EC-484195-SN
(see page 75)

Standard Features:

- 3 families of handcrafted glasses
- Single or multi-light canopy styles
- Medium-base lampholders (120V)
- 75W max. A19 lamps (Lamp not included)
- 10' SVT cords standard
- Suitable for sloped ceilings
- Interior use only (Damp Location Listed)
- Choose Bronze or Satin Nickel metal finish with matching tinted cord

METAL & CORD FINISHES:

BR Bronze

SN Satin Nickel

Compact Fluorescent:

Kimo and Lola E Series midi-pendants offer energy-efficient compact fluorescent (CFL) versions of the one light dome canopy style. Lamp wattage options vary, depending on specific glass style. A non-dimming electronic ballast is employed.

1EF = 120V 18W option

1EH = 120V 26W option

Lamps not included.

NOTE: CFL option is NOT compatible with standard incandescent dimmers.

For more information on compact fluorescent lamps and ballasts, see pages 256-259.

Consult factory for other lamping/wattage options

Options:

LONGER CORD LENGTHS:

Longer cord length of 15' can be ordered. Add an "L" to the end of the item ordering number, i.e. 1EC-420207-SNL.

These heavy-duty glass fitters are very secure for commercial applications.

K Series

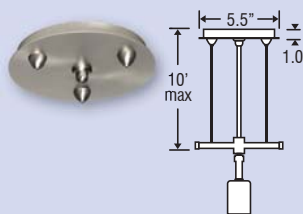

fashion

Larger glasses, fashion for larger spaces. The K Series features aircraft-quality stainless steel support cables and uses standard A19 incandescent lamps.

CANOPY STYLES:

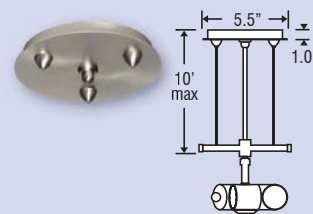

1 LIGHT FLAT: 1KG

- 3x Cables
- 1x Lampholder

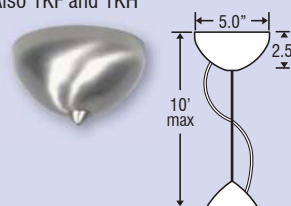

1 LIGHT FLAT: 1KV

- 3x Cables
- 3x Lampholders

1 LIGHT DOME: 1KX

- 1x Cable
- 1x Lampholder
- Also 1KF and 1KH

1KX-T47107-BR
(see page 98)

Standard Features:

- 31 families of handcrafted glasses
- Medium-base lampholders, (Lamps not included)
KG: 1x 150W max. A21 lamp
KV: 3x 100W max. A19 lamps
KX: 1x 100W max. A19 lamp or 1x 150W max. A21 lamp
- 10' SVT cord standard
- Aircraft-quality stainless steel support cables
- Suitable for sloped ceilings
- Interior use only (Damp Location Listed)
- Choose Bronze or Satin Nickel metal finish with matching tinted cord and cables

Compact Fluorescent:

Some KX Series pendants with dome canopy style may be ordered in energy-efficient compact fluorescent (CFL) versions. Lamp wattage options vary, depending on specific glass style. A non-dimming electronic ballast is employed.

1KF = 120V 18W option

1KH = 120V 26W option
Lamps not included.

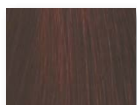

NOTE: CFL option is NOT compatible with standard incandescent dimmers.

For more information on compact fluorescent lamps and ballasts, see pages 256-259.

Consult factory for other lamping/wattage options

METAL, CORD & CABLE FINISHES:

BR Bronze

SN Satin Nickel

Options:

LONGER CORD LENGTHS:

Longer cord length of 15' can be ordered. Add an "L" to the end of the item ordering number, i.e. 1KG-438907-SNL.

120V Cable **Pendants**

Glass Pendant Families:

Choose from a variety of glass Cable Pendant styles, organized as 31 families.
