

IMPORTANT
TURN OFF THE POWER AT THE MAIN
FUSE OR CIRCUIT BREAKER BOX
BEFORE STARTING INSTALLATION

Carefully unpack and identify all parts before beginning assembly. Bulbs are not included.

1. Carefully thread fixture wire and ground wire through fixture loop. Screw fixture loop onto top threaded pipe until secure.
2. Install bulbs (Not Included) into socket. See relamping label located at socket area for type and maximum allowed wattage.
3. Slip threaded studs of arm brackets through holes in outside of glass. Secure with rubber washer and knurled cap nuts.
4. Align holes in arm brackets with holes in bottom of arms. Secure with cap nut screws.
5. Align holes in top of arms with holes in center body. Secure with knurled cap nut screws.
6. Follow enclosed **“Chain Suspended Installation Instructions”** for electrical and fixture installation onto ceiling outlet box.
