Hanover Lantern helps you enhance style and character to the entrance and surroundings you call home.

CLASSIC EXTERIOR ACCENTS

Discriminating Outdoor Lighting and Accessories to Last a Lifetime.

Hanover Lantern is a trademark of the Philips Group
Handcrafted in the USA

Nestled among the foothills of the Appalachian Mountains, the town of Hanover, Pennsylvania, is home to Hanover Lantern. The area is known for its rich farmland, rolling hills, quaint small towns and quiet, peaceful lifestyle.

A prosperous and growing community, Hanover is blessed with a skilled workforce and a heritage of manufacturing innovation and excellence.
Hanover Lantern offers a comprehensive selection of classic lantern styles to complement virtually any architectural theme. A series of several sizes are available in each design style to add that finishing touch to your application. Complementing styles, sizes and finishes are virtually unlimited.
Finishing Touches with Lasting Quality
Wall Lighting
With numerous designs to choose from, Hanover Lantern has a style to compliment any architecture. Each series has multiple sizes and mounting options, so you can find the appropriate fixture for your application. With over 20 finishes to select from, we can beautifully integrate your exterior color scheme.

Post Lighting
Hanover Lantern offers an expansive line of posts and designer base wraps to compliment all of our lighting fixtures. Whether you use a single post outside your front entrance, or multiple posts to line your driveway, you will provide security as well as beauty to your property.

Pier Lighting
Create a dramatic entrance to your property with the use of our pier mounted fixtures. Hanover Lantern manufactures a wide range of models and sizes for any application.

Landscape Lighting
Enhance the beauty of your property after dark with Hanover Lantern's landscape lighting. Welcome your guests by painting your walks, steps and garden pathways with the radiant shimmer of our landscape fixtures. Create a focal point by uplighting an ornamental tree or wash a wall with the soft glow from a low voltage spotlight.

Mailboxes & Signs
Add a totally integrated look to your property with the addition of a sign or mailbox. We offer many standard cast aluminum signs in a variety of shapes and sizes. Our upscale mailboxes, available in your choice of any of our elegant hand applied finishes, are manufactured in a variety of configurations and sizes.
The entrance to your home or property sets the style and mood of its owners. Choosing a fixture that is properly proportioned to its surroundings is critical. The following series of photographs are used to illustrate this point. Your local lighting showroom can offer expertise in helping you select the correct fixture for your application.
Choose the correct size **POST MOUNT** Jamestown Series

Most home centers offer only smaller sized outdoor lighting fixtures. The photographs above clearly illustrate the need for larger scale lighting fixtures. A small size lantern is not recommended for use on a 6' residential post, which looks best with a lantern 20" high or larger. Shown in Black Cherry finish.

Choose the correct size **PIER MOUNT** Manor Series

Manor Series is just one of many styles offered by Hanover Lantern in 4 different sizes. Shown here in a pier mount configuration on a 30" square pier, size and scale of the fixture to its environment is crucial. If you still have doubts or questions, your local lighting showroom can help. Photographed in Ironstone.

Choose the correct size **WALL MOUNT** South Bend Series

Consumers often make the mistake of selecting outdoor lighting fixtures that are too small. The photos above show different size fixtures of the same design in the identical installation. Let your eyes be the judge. One size does not fit all! Photographed in Verde Copper.
Selecting the correct size lantern can sometimes pose a challenge. Use the following guidelines to help determine what’s best for your application.

The height of an outdoor lantern should be based on the height of the door.

When only one lantern is used at the door, it should measure approximately 1/3 the height of the door. The center of the lamp(s) should measure 66” above the threshold of the door.

When two lanterns are used at the door, they should measure approximately 1/4 the height of the door. The center of the lamp(s) should measure 66” above the threshold of the door.

Each Hanover Lantern lighting fixture and accessory is made to order. Since we offer so many variations in styles, colors, and accessories, please take special care when ordering, as there is a 50% restocking charge on all returned items. Please follow the sequence listed below to ensure your order is processed promptly and accurately.

1. QUANTITY OF ITEM
2. COMPLETE MODEL NUMBER
3. FINISH CODE (below)
4. GLASS OR ACRYLIC CODE (pg 68)
5. ACCESSORIES BY MODEL NUMBER

All Hanover Lantern fixtures are now finished with painted candle clusters and socket sleeves:

All fasteners are brass with a Black oxide coating except White and Almond finishes; supplied with Brass fasteners.
The Arts and Craft style of the Artisan Series offers clean straight line design featuring the style of a nostalgic standing seam Terne metal roof. Photographed in Vintage Copper and Antique Silver.
The Bridgewater Series captures the nostalgic look of the old fishing villages along the New England coast. Constructed of heavy duty cast aluminum with heavy seeded glass onion globe. Photographed in Verde.
Aerial

The Aerial Series captures the cylindrical shape and style of contemporary architectural design. Constructed of heavy duty cast aluminum with a one piece opal weather resistant acrylic globe.

Hanover Lantern offers a comprehensive selection of decorative cast aluminum signs which are offered in raised cast numbers or professional grade vinyl letters or numbers. All signs come complete with a clamp on bracket for mounting to all 3” O.D. posts. Three different sizes of through the post cast aluminum ladder rests are also offered for 3” O.D. posts. Consult your lighting professional or our factory for more details.

All posts are high quality aluminum and accommodate lanterns with a 3" post fitter. All finishes are available, see page 75. Posts above are shown in 7' length, finished in Antique Copper, and shown with optional wrap bases (must be ordered separately). Please order posts by length (ie: 350-7).

Standard on all fixtures above • All aluminum construction • Molded acrylic lens • Painted spun aluminum dome
• All finishes available - see page 75.
Accent your home with the refined beauty of our Augusta Series. Light dances on your walls and walks from the twelve curved, beveled glass panels. Augusta is handcrafted in three sizes to fit any application. Photographed in (L to R): Granite, Irostone, Antique Silver and Weathered Bronze.
THE ENERGY STAR SOLUTION
• Use 1/4 the energy of traditional lighting.
• Long lamp life. 10,000 hours as compared to typical incandescent lamp life of 1,500 hours (requiring less maintenance).
• Simple plug in lamp.
• Convenient features such as photo controls for automatic daylight shut-off.
• Self ballasted socket is easily replaced without the use of tools.
• ETL listed.
• ENERGY STAR requires a one year warranty. Hanover Lantern offers a three year warranty, three times the industry standard.

- Higher wattages may be used only with glass panels installed.
RLM Lighting fixtures have a long history behind them. They are most remembered for their generous presence in nostalgic train and bus stations as well as farmers markets and city store fronts.

They were and still are often used to highlight direction signage or to show off the vendors’ goods and logo.

RLM form is clean and classic, offering many durable shades and mounting arm combinations.
To ensure prompt and efficient processing of your order, please follow the sequence in the example shown below.

**THE ENERGY STAR SOLUTION**

- Use 1/4 the energy of traditional lighting.
- Long lamp life. 10,000 hours as compared to typical incandescent lamp life of 1,500 hours (requiring less maintenance).
- Simple plug in lamp.
- Convenient features such as photo controls for automatic daylight shut-off.
- Self ballasted socket is easily replaced without the use of tools.
- ETL listed.
- ENERGY STAR requires a one year warranty. Hanover Lantern offers a three year warranty, three times the industry standard.

ELECTRONIC ACCESSORIES
For use with 3” O.D. posts.
Hanover Lantern offers a comprehensive selection of decorative cast aluminum signs which are offered in raised cast numbers or professional grade vinyl letters or numbers. All signs come complete with a clamp on bracket for mounting to all 3” O.D. posts.

Three different sizes of through the post cast aluminum ladder rests are also offered for 3” O.D. posts.

Consult your lighting professional or our factory for more details.
Multiple Post Fixtures

Create your own Multiple Post Lantern by using any family style that has the Victorian bracket arm or models that have a FRM or FSM included in the model. Shown are some examples that are available. Please contact factory for assistance.

Please contact factory for options.

Note: Posts must be ordered separate and have special machining for each application.
American Made Custom Innovations

Hanover Lantern has always prided itself on offering quality decorative lighting fixtures, posts, and accessory items to meet the various styles of architecture and the demands of our customers. Specifiers and Builders sometimes look for a unique style to match the personalization of their project. Hanover Lantern utilizes durable aluminum construction, protected by our NanoCoat paint, in a variety of decorative styles that can also be specially customized to suit your project. All designs are done in-house by our experienced engineers. Over the years there have been a different variety of custom designs from mounting options to the overall look of a fixture. Some requests might have seemed odd, but we are honored to make the customer happy and giving them what they ask for in a design. This brochure shows special ways that Hanover Lantern has met the demands of the design community. Feel free to send in a design to us so we can make your idea into a reality. Look at these installations to see ways that we can help you to make your project special.

Contact your Hanover Lantern Representative today to discuss the unlimited options available to you.

This project is at Grandview Plaza which is located not far from our office in Hanover PA. These are the site lighting fixtures. Each assembly uses special twin RLM shades with ribbed glass jar style lenses. The fixtures are mounted to the post using custom bent arms and hub. The fixtures and poles are made of durable aluminum construction. The overall style blends well with the look of the shopping center where it is located.
Address Signs

Introducing our new line of beautifully detailed wall signs with intricately textured backgrounds, available in all finishes.

DECORATIVE ADDRESS SIGNS

Wall Signs  One piece cast aluminum construction with raised borders and numbers. NUMBERS ONLY AVAILABLE IN SIZE AND STYLE SHOWN.  All finishes available, see page 75. Predrilled holes and mounting hardware included. Standard - borders and numbers painted gold, contact factory for other finishes.

Mailboxes

Our beautifully detailed cast aluminum mailboxes are handcrafted to last a lifetime. Choose a matching or complimentary finish to your light fixtures to add that finishing touch. Please consult our Architectural Accents catalog or your sales representative for a complete guide to all our configurations and options.
See our complete mailbox collection in our Architectural Accents catalog.
Wall Lighting

With numerous designs to choose from, Hanover Lantern has a style to compliment any architecture. Each series has multiple sizes and mounting options, so you can find the appropriate fixture for your application. With over 20 finishes to select from, we can beautifully integrate your exterior color scheme.

Post Lighting

Hanover Lantern offers an expansive line of posts and designer base wraps to compliment all of our lighting fixtures. Whether you use a single post outside your front entrance, or multiple posts to line your driveway, you will provide security as well as beauty to your property.

Pier Lighting

Create a dramatic entrance to your property with the use of our pier mounted fixtures. Hanover Lantern manufactures a wide range of models and sizes for any application.

Landscape Lighting

Enhance the beauty of your property after dark with Hanover Lantern's landscape lighting. Welcome your guests by painting your walks, steps and garden pathways with the radiant shimmer of our landscape fixtures. Create a focal point by uplighting an ornamental tree or wash a wall with the soft glow from a low voltage spotlight.

Mailboxes & Signs

Add a totally integrated look to your property with the addition of a sign or mailbox. We offer many standard cast aluminum signs in a variety of shapes and sizes. Our upscale mailboxes, available in your choice of any of our elegant hand applied finishes, are manufactured in a variety of configurations and sizes.
Shown are a few samples from Hanover Lantern’s Landscape collection. See our complete collection in our Landscape Lighting catalog.
Panel and Finish Options

Nestled among the foothills of the Appalachian Mountains, the town of Hanover, Pennsylvania, is home to Hanover Lantern. The area is known for its rich farmland, rolling hills, quaint small towns and quiet, peaceful lifestyle. A prosperous and growing community, Hanover is blessed with a skilled workforce and a heritage of manufacturing innovation and excellence.
