It was Shakespeare that said, “The stars above us, govern our conditions.” And so it is with this amazing multi-light pendant series. Each unique glass cover supports handmade glass starbursts—Chrome hardware and a satin nickel-finish canopy complete each structure, and every little piece is adjustable to enhance your galaxy in a variety of different ways.

Bejeweled in thousands of crystals over gleaming K9 chrome, Bijou glitters with the unmistakable radiance of rare diamonds. Encasing warm, soft glow within, the smooth orbs of chrome come to life as light shimmers and dances off the crystal-encrusted surface. Whether pendant, sconce, or flush mount, Bijou adorns the room in beauty and richness.

Novara’s organic nature evokes an intriguing sense of movement and fluidity. Graceful tentacles coated with a textural finish spiral away from the base in a free-flowing, abstract path that leads to delicate bulbs of borosilicate flat glass. An artful twist on the traditional chandelier, Novara brings a touch of whimsy to the room.

Voltaire enters the room with confidence and purity. Bold bands of brushed aluminum or bronze showcase a soft circle of diffused fluorescent light. The effect poses a delicate balance of contrasts: light and dark, strength and beauty, heaven and earth.
With classy, understated elegance, Salzburg illuminates a room without calling attention to itself. Its sleek silhouette and mirrored chrome finish appeal to a contemporary sensibility, while its simplicity makes it at home among a vast array of décor styles. The versatile Novara pendant comes in either a single or quadruple LED configuration.

A study in contrasts, Lotus combines the bold and the beautiful, masculine and feminine, strength and delicacy. A smooth sheath of chrome forms an impressive cylinder around a hidden incandescent light source. Soft, charcoal grey cloth tempers the stark metal with a subdued sheen, while an exquisitely etched lotus flower allows gentle light to blossom from within.
Masterful minimalism. The simplicity of Linea’s sconce and pendant creates the ideal stage to showcase hidden double LEDs. The diffused light emanates from a sleek bar of satin nickel for a stunning effect.

Oil Rubbed Bronze

SST Stainless Steel
The Beam II Collection features low-profile wall lighting designed with versatility and energy saving technology. Fixtures are constructed of stainless steel to allow for outdoor installation, and with the low-profile design, the Beam Collection can also be used interior for corridors and hallways with ADA compliance. The fluorescent light source saves energy and allow for maintenance-free operation. The White acrylic lens is durable and strong. The metal is finished in either Stainless Steel or Oil Rubbed Bronze.

The ultimate in contemporary architecture coupled with bright, efficient LED lights, Zenith I brings bold style to outdoor lighting. Sturdy bars in silver or gray wrap around simple geometric shapes of white acrylic to form impressive sconces capable of withstanding the elements while projecting an air of class and confidence.

These contemporary, European-designed fluorescent outdoor fixtures are a perfect combination of energy efficiency and durability. The Zenith II Collection features die-cast metal frames painted with a polyurethane powder coat, finished in Platinum or Architectural Bronze. The durable white acrylic lens diffuses the light nicely. The fluorescent light source gives the ultimate in energy saving and long life.

ET-Xenon-12VLX Series

Strength, durability and beautiful finish are features that set the ET-Xenon-12VLX Series apart with its extruded aluminum housing. These xenon under cabinet lights conceal long-lasting, low-voltage Xelogen bulbs that distribute a crisp bright light. Hinged tops allow for convenient bulb replacement, and push-in wire connectors in the junction box make either direct wire or plug-in installation quick and simple.

Features

- Airflow design keeps cabinets cool
- Hi-Low-Off adjustable light level switch
- Linkable without or with cord using InterLink4
- 12V, long lasting Xelogen bulbs included
- Strong and durable extruded aluminum housing
- Captured screws for quick and easy installation

Starter Kit Includes

- One InterLink4 Direct Wire Box
- One InterLink4 Connector Cord

Starter Kits

- **7” 1-Light 12V Xenon Starter Kit**
  - E57459AL Aluminum
  - E57459BRZ Bronze

ET-LED-LP Series

The crisp, bright light of the slip profile ET-LED-LP Series LED Under Cabinet light illuminates without shadows. With its extruded aluminum casing, strength, durability and beautiful finish are features that put this series in a class of its own. The frost lens conceals the LEDs while evenly distributes the light onto the counter surface. Easy installation with captured screws and InterLink4 technology, make this series convenient as well as beautiful.

Features
• Warm white 2800 K light
• Cool to touch
• CRI 80-85  120° spread
• 50,000 life hours
• Linkable up to 80 watts without or with cord using InterLink4
• Dimmable

ET-LED-D Series

The ET-LED-D Series LED discs mount easily under any cabinet and can link multiple discs without additional hardware using InterLink1. The energy efficient LED disc requires no additional driver, and stays cool to the touch making it safer than both halogen and xenon. The warm white color lasts long, and the slip profile of the die cast aluminum casing compliments any room.

**Features**
- Warm white 2800 K light
- Cool to touch
- CRI 80-85, 120° spread
- 50,000 life hours
- Linkable up to 12 discs using InterLink1
- Requires no additional driver (Cannot be dimmed)
- Easy to install with included hardware
- Slim, die cast aluminum casing
- 2 watts per disc

**LED Disc**
